

# URINARY TRACT SUPPORT

## FOR CATS

- Support proper urinary tract health in cats.
- **Urinary Tract Support** helps to maintain proper urinary tract function, reduce the likelihood of crystal and stone formation, and support immune system function. This superior combination of ingredients works together to provide pH balance, proper kidney function and supports the elimination of unwanted materials in the urinary tract.
- Marshmallow Root (*Althaea officinalis*) & Corn Silk contain polysaccharides that can help support comfort by fortifying mucosal GAG layers. Cranberry and Vitamin C (ascorbic acid) act synergistically to acidify the urine, which helps dissolve stones, support urinary tract comfort, and increase urine volume to pass stones and crystals.
- Chanca Piedra (*Phyllanthus niruri*) supports removal of kidney and bladder stones from the body.
- L-Methionine is an essential amino acid that supports kidney circulation, SAME production, healthy liver function, and acidifies the urine. *Lactobacillus acidophilus* balances gut flora and intestinal pH.
- Olive Leaf Extract and Uva Ursi help the body to remove unwanted materials from the urinary tract and may reduce the ability of unwanted material to adhere to the lining of the bladder and urethra. They help detoxify the kidneys and have a drying effect on tissues.
- **Urinary Tract Support** is a palatable fish flavored chewable tablet.
- **Directions For Use:**  
Give 2 tablets daily. Daily amount may be divided between AM & PM.
- **Caution:** This product is not recommended for continual use. Take recommended amount for 7 - 14 days or until results occur. Not to be used in animals prone to oxalate stones.
- **Urinary Tract Support**  
0700504.060 (60 Fish Flavored Chewable Tablets)
