

SKIN+COAT FOR DOGS

VET-DESIGNED FORMULA TO SUPPORT A SHINY, HEALTHY COAT

WHY IT WORKS

- ⊕ **Vitamin E** – An antioxidant vitamin that supports healthy skin and coat
- ⊕ **Essential Fatty Acids** – Support skin and coat health through a healthy inflammatory response

SKIN + COAT is formulated with Omegas 3, 6 and 9 to promote healthy skin and normal shedding. With added salmon oil and vitamin E, this supplement helps keep your dog's coat healthy, shiny and full.

SKIN + COAT CHEWS ARE DESIGNED TO SUPPORT:

- ⊕ Coat sheen, luster and proper skin tone
- ⊕ Skin comfort for dogs
- ⊕ Normal shedding

ABOUT THE FORMULA

- ⊕ **SKIN+COAT** contains ingredients specific to skin and coat health in dogs.
- ⊕ Flaxseeds are rich in ALA (alpha-linolenic acid), an omega-3 fatty acid that helps support skin comfort. Flaxseeds also contain lignans, which may have antioxidant properties, as well as vitamins B1, B2, C, E, and beta-carotene, and minerals like iron, zinc, potassium, magnesium, phosphorus, and calcium.

- ⊕ Safflower oil is an excellent source of linolenic acid (omega-6 fatty acid), which supports skin tone and elasticity. Linoleic Acid is an essential fatty acid needed by the skin and supports the texture and luster of the coat. Incorporation of fatty acids into cell membranes supports the structural integrity of the skin and coat.

- ⊕ Vitamin E is essential for skin health. It is an antioxidant that neutralizes free radicals that could damage skin.

- ⊕ Salmon oil supplies omega-3 fatty acids - in particular EPA and DHA - the right omega-3 fatty acids for skin, coat, and the overall health of your dog.

Guaranteed Analysis Per Chew (2.0 g):

Levels represent minimums unless otherwise stated:

Crude Protein	11%
Crude Fat	13%
Crude Fiber (max)	1%
Moisture (max)	12%
Linoleic Acid (3.3%) (an Omega 6 Fatty Acid)	60 mg
Vitamin E	25 IU
*Omega 3 Fatty Acids (1.2%)	20 mg
*Omega 9 Fatty Acids (1.5%)	26 mg

Ingredients: oat flour, rye flour, brewers yeast, glycerin, flaxseed meal, vegetable flavor, arabic gum, soy lecithin, safflower oil, vitamin E supplement, maltodextrin, sodium alginate, calcium sulfate, water, canola oil, citrus pectin, salmon oil, sorbic acid (a preservative), propionic acid (a preservative), mixed tocopherols (a preservative).

*Not recognized as an essential nutrient by the AAFCO Dog Food Nutrient Profiles

FOR ALL DOGS

FEEDING DIRECTIONS:

Give 1 chew per 25 lbs body weight, daily.
